

# Jackeline Palacios Vaz

## Junior Web Developer

[Jackelineandrea58@hotmail.com](mailto:Jackelineandrea58@hotmail.com) | GitHub profile: <https://github.com/japv20>

Junior Web Developer with hands-on experience building responsive web applications through academic and personal projects using modern technologies, including React, JavaScript, and Tailwind CSS. Experienced in developing API-driven applications, creating clean user interfaces, with additional exposure to backend technologies such as Node.js, PHP, and databases including MongoDB, MySQL and Firebase. Passionate about continuous learning and eager to begin a career in frontend development.

### Technical Skills:

- Frontend: HTML5, CSS3, JavaScript, React.js, Tailwind CSS, Bootstrap
- Backend: Node.js, PHP
- Databases: MongoDB, MySQL, Firebase
- Version Control: Git, GitHub
- Tools & Technologies: VS Code, Netlify, Firebase Hosting, Vite, REST APIs
- Additional tools: Google Analytics, Mailchimp

### Other Skills:

- GDPR awareness and data handling principles.
- Works well under pressure in a quick-paced environment.
- Ability to work alone or as part of a team.
- Communicate effectively in English and Spanish.

### Technical Projects

#### Movie & Anime Explorer (2026)

Links: [Vite + React](#) | GitHub: [GitHub - japv20/react-movies-anime](#) · [GitHub](#)

*Stack: React, Tailwind CSS, REST APIs.*

- Developed a responsive web application displaying popular movies and upcoming anime using data from external APIs (TMDB and Jikan).
- Implemented dynamic modal components to present detailed content, including synopsis, genres, and release information.
- Integrated multiple third-party APIs and managed asynchronous data fetching with error handling and loading states.
- Designed and styled a responsive user interface using Tailwind CSS for mobile, tablet and desktop.

#### Task Management Application (2026)

Links: [Task Management App](#) | GitHub: [GitHub - japv20/task-manager](#) · [GitHub](#)

*Stack: Bootstrap, JavaScript, Firebase (Authentication & Database).*

- Developed a task management web application with user authentication and real-time data syncing using Firebase.
- Implemented secure user authentication (Google sign-in) and managed user-specific data access.
- Built full CRUD functionality, enabling users to create, update, complete and delete tasks.
- Designed features such as task archiving, unarchiving, and optional due dates to enhance usability.
- Created a responsive, card-based user interface using Bootstrap and JavaScript.

## Fakemarket (2022) | University Project

GitHub: [GitHub - japv20/FakemarketProject · GitHub](#)

Stack: *HTML, CSS, PHP, MySQL, PayPal API*

- Developed a full-stack e-commerce web application using PHP and MySQL to simulate an online retail system.
- Implemented core features, including product browsing by category and dynamic shopping cart functionality.
- Integrated PayPal payment processing to simulate real-world checkout behaviour.
- Designed and managed relational database structures for product and user data using MySQL.
- Applied server-side logic in PHP to handle data processing and user interactions.

## **Work Experience:**

### Cash Office Retail Assistant – Primark Stores Ltd (Milton Keynes, England)

*September 2022 – Present*

- Process large volumes of cash transactions, maintaining accuracy and efficiency in a high-pressure retail environment.
- Maintain and reconcile cash records, identifying and resolving discrepancies efficiently.
- Generate reports for management, demonstrating attention to detail and data accuracy.
- Use internal systems to track transactions and manage financial data, strengthening understanding of data handling and digital tools.

### Sales Floor Supervisor – Primark Stores Ltd (Milton Keynes, England)

*April 2022 – September 2022*

- Supervised a team, ensuring a high standard of customer service and efficient daily operation on the sales floor, tills and fitting rooms.
- Trained and supported new employees, improving team performance and consistency.
- Resolved customer issues and operational challenges in a high-pressure environment.
- Performed cash handling checks to ensure accuracy and compliance with procedures.

## **Education History:**

Bachelor of Science in Web Development

*SAE Institute London – Graduation date: August 2022.*

Access to Higher Education Diploma in Computer Science

*Milton Keynes College – Graduation date: June 2020.*
